PROMINENT PHYSICIANS PRESCRIBE PE-RU-NA.

ington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can con- \$ fidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."-Robert R. Roberts.

A CONSTANTLY increasing number of physicians prescribe Peruna in their regular practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as medical profession to-day. Catarra, as every one will admit, is the cause of one-half the diseases which afflict mankind. Catarra and catarral diseases afflict one-half of the people of the United States.

F. H. Brand, M. D., of Mokena, Ill., uses Peruna in his practice. The following

case is an example of the success he has through the use of Peruna for catarrh.

Dr. Brand says: "Mrs. 'C.,' age 28, had been a sufferer from catarrh for the past seven years; could not hear plain and had watery eyes. She came to me almost a physical wreck. She had tried the Cope-land cures and various other so-called specialists and had derived no benefit nose and throat, but thousands upon thousands of cases of catarrh of the lungs, stomach, kidneys, bladder and other pelvic organs have been cured by Peruna.

Peruna is able to cure catarrh wherever it may be located by its direct action upon the mucous membranes. Catarrh means inflamed mucous membranes. Feruna acts at once to cleanse and invigorate the catarrhal condition of the mucous membrane no matter where it may occur in the body. Its action is the same on the mucous linin of the nose as on the mucous lining of the bowels. It cures the catarrhal inflammation wherever it may occur.
Dr. R. Robbins, Muskogee, I. T., writes

"Peruna is the best medicine I know of for a cough and to strengthen a weak stomach and to give appetite. Beside prescribing it for catarrh, I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fits so many cases. "I have a large practice, and have a chance to prescribe your Peruna. I hope you may live long to do good to the sick

We say Peruna cures catarrh. The people say Peruna cures catarrh. Prominent men and women all over the United States from Maine to California do not hesitate to come out in public print to say that Peruna is what it is recommended to be, an internal, systemic catarrh remedy that cures catarrh wherever it may be located.

Dr. M. C. Gee's Experience.

Dr. M. C. Gee is one of the physicians who endorse Peruna. In a letter written from 513 Jones street, San Francisco, Cal.

"There is a general objection on the part if the practicing physician to advocate patent medicines. But when any one medicine cures hundreds of people, it demonstrates its own value and does not need the endorsement of the profession.

"Peruna has performed so many wonderful cures in San Francisco that wonderful cures in San Francisco that I am conviced that it is a valuable remedy. I have fiequinity advi ed its use for women, as I find it insures regular and painless menstruation, cures leuiorrhoea and ovarian troubles, and builds up the entire system. I also c nsider it one of the finest catarrh remedies I know of i heartily endorse your medicine."—M. C. Gee, M. D.

Women are especially liable to pelvic ca-tarrh, Iemale weakness as it is commonly called. Especially in the first few weeks of warm weather do the disagreeable symp-toms of female weakness make themselves apparent. In crisp, cold weather chronic sufferers with pelvic catarrh do not feel so persistently the debilitating effects of the drain upon the system, but at the approach of summer with its lassifude and tired feel-

KELLIES NOT GUILTY

MAN WHO SHOT DR. CAYLE OF BUTTE ACQUITTED.

The Plea of the Defendant Was That of Self-Defense and the Jury Was Out But an Hour.

James W. Kelly, the Butte, Mont. newspaper man accused of the murder of Dr. Henry A. Cayley, was found not guilty by the jury. Kelly shot Dr. Cayley in his (Kelly's) room on the morning of October 12 last. He went home and found Dr. Cayley in company with Mme. Ruth La Bonta, who also occupied Kelly's room. In a dying statement Cayley said Kelly was lying in wait for him and shot him. In his defense Kelly claimed the room was in darkness when he entered, and a man commanded him to get out. Thinking he was to be attacked, he fired. The jury was out an hour. Kelly was attended by a large number of friends when the verdict was reached. and received hearty congratulations. Kelly was immediately discharged by the court.

THE WAR IN SOMALILAND.

Engagement in Which British Suffer at Hands of Mad Mullah's Men. A dispatch from Aden, Arabia, says

Brigadier General Manning, after an engagement with the Mad Mullah's forces, has relieved Colonel Cobbe, near Gumburru, Somaliland, forty-five miles westward of Galadi. About 2, 000 of the Mullah's men were killed. The British loss is not known. The few details obtainable of the disaster to Colonel Plunkett's detachment April 17th show the Mullah's forces consisted of 2,000 horsemen and 10,000 spearmen. They surrounded Colonel-Plunkett's force in the open, and the Scmalis, after a heavy rifle fire, charged repeatedly with their borse men and spearmen on all sides. The British detachment hold out until its ammunition was exhausted, and then charged with the bayonet, but it was ultimately overwhelmed by weight of numbers. The British force fought until all of its officers and 170 men were killed. Most of the handful of men who reached the camp were wounded. The Somalis losses are reported to have been enormous. The Mullah's forces are reported to aggregate from 3,000 to 4,000 mounted men and about 80,000 spearmen.

The real heroines of every day are in our homes. Frequently, h ever, it is a mistaken and useless heroism.

Women seem to listen to every call of duty except the supre-one that tells them to guard their health. How much harder the day tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake!

The use of Lydia E. Pinkham's Vegetable Compound will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

For proof read the symptoms, suffering and cure recited in the following letters:

"DEAR MRS. PINEHAM:—I wish to express to you the great benefit I have derived from your advice and the use of Lydia E. Pinkhum's Vegetable Compound. My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not eat or sleep, and the bearing-down pains were terrible. My husband apent hundreds of dollars bearing-down pains were terrible. My husband spent hundreds of dollars to get me well, and all the medicine that the doctors prescribed failed to do me any good; I resorted to an operation which the physician said was necessary to restore me to health, but I suffered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop.

"I noticed one of your advertisements and wrote you for advice, I received your reply and carefully followed all instructions, I immediately began to get stronger, and in two weeks was about the house. I took eight bottles of Lydia E. Pinkham's Vegetable Compound and continued following your advice, and to-day I am a well woman. Your remedies and help are a Godsend to suffering women, and I cannot find words to thank you for what you have done for me." - Mrs. Lottie V. Navlos, 1328 N. J. Ave., N.W., Washington, D. C.

J. M. Lee, 141 Lyndal St., Newcastle, Pa.

DEAR Mrs. PINKHAM: —Lydia E. Pinkham's Vegetable Compound has done a great deal for me. I suffered so much from falling of the womb and all the troubles connected with it. I doctored for years with doctors and other remedies but received only temporary relief.

"I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long as it gave me relief from my suffering, as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and rest at night. Thanks to your Vegetable Compound I am certainly grateful for the relief it gave me. It is the mother's great friend. I would not be without it in my house, for when I feel tired or out of sorts I takes few doses and feel all right.

"I would recommend your medicine to all tired mothers, and especially to those suffering as I was." — Mrs. R. F. Chambers, Bennet, Neb.

man Economy.

If you feel like yawning, do not put your hand or your handkerchief over your mouth and make a desperate effort to overcome the inclination. Yawn well, and wide and long. It is the right thing for you to do. Moreover, it is a good thing for society in general. It means a stretching, a relaxation of the muscles, and an expansion of the interior economy of the human breast, which in turn leads to an expansion of the human heart, an expansion of the human thought, and aspirations after the exalted ideals. It is good to yawn, and the man or woman who feels like yawning should go into a quiet place, where he or she will be free from interruption, and yawn, not hesitatingly or spasmodically, but boldly, throwing the arms up, the chest forward, the head back, and the mouth wide open.

THE BOY AND HIS NEW MAMMA.

Little One Gives Pitiful Answer to Embarrassing Question.

"Every little while the infant terrible proves to us afresh our barbarism in burdening the budding mind with grown-up questions," remarked the pretty girl in the new hat. "Only last night, when we were at Uncle Jack's, this was demonstrated by a small boy who ought to have been in the nursery. Of course there was an old goose of a man there, too, who had to ask Jack, Jr., how he liked his new mamma. Really, it's a question if these uncivilized members of society aren't as much a mistake as the poor children who are doubly victims. At any rate poor little Jack, Jr., after a vast and troubled effort, which showed he had been wrestling hard to decide whether he liked the face of his new mamma, answered in his sleeplly pitiful lisps, 'I likths 'er, on'y'-with deep conviction-'I don't fink she ith the wery new."
